Admissions Code of Practice

1. ETHOS

To support its commitment to welcome and accept learners¹ from a variety of backgrounds and learning experiences, DFEi as a constituent of Dublin and Dún Laoghaire Education and Training Board (DDLETB) will:

- 1.1 offer a range of educational programmes which support lifelong learning opportunities for all sectors of society at all stages of life;
- 1.2 welcome applicants with a disability² and/or specific learning needs while recognising that their entry is guided by the extent to which DFEi can make reasonable accommodation³ in relation to specific needs;
- 1.3 use a range of criteria, some of which may be programme specific or guided by funding and legislative requirements, to admit learners to its programmes;
- 1.4 review the composition of its learner population and its admissions policies and procedures to promote a commitment to equality.

¹ The term 'learners' includes those individuals who might describe themselves as students or apprentices.

² DDLETB uses the term 'disability' to refer to a range of disabilities, including physical disabilities, intellectual disabilities and/or mental health conditions.

³ The Equal Status Act 2000 requires providers to accommodate the needs of people with disabilities through making reasonable changes in what they do and how they do it where, without these changes, it would be very difficult or impossible for people with disabilities to access these services (unless it costs more than a nominal cost).
